Description

The PHX Drift Edition motocross helmet is the next level of advanced open-face hybrid helmet systems.

PHX exclusive 10-point Rapid Air ventilation system provides maximum air transfer with built-in dust filtering and moisture reduction.

State-of-the-art ABS shell with high pressure thermoplastic technology creates a shell structure that is ultra-lightweight, rigid, and resilient.

Multi-density EPS liner enhances impact absorption and ventilation. Aluminum hardware coupled with moisture and heat resistant adhesives yield a performance blend of lightweight durability and balanced weight distribution.

Aerodynamic structure with cervical fatigue reduction and base trim profile operates seamlessly with cervical protectors.

Full-range peripheral vision and innovative anti-sliding ridged goggle channels.

Among the lightest helmets in its class. For competition or recreational use.

Independent kids, youth and adult sizes with graded shell and padding thickness as part of the PHX true-fit system.

Flexible and fully adjustable 3-point sun visor with slide-n-lock feature.

Ultra-soft interior padding jaw liners for superior comfort. Highly durable, snap-removable and machine washable.
